

Statement of purpose

Health and Social Care Act 2008

1. To promote oral health screening and diagnosis to all patients attending our practice
2. To advise service users on prevention and management of oral disease.
3. To provide high quality dental care, leading to improved dental health and dental aesthetics
4. To understand and meet the needs of our patients and involve them in decisions about their care
5. To offer specialist dental treatments within the practice
6. To provide facial aesthetic treatments with the requirement of a prior face to face consultation
7. To involve other professionals in the care of our patients, where this is in the patient's interests for example, referral for appropriate specialist care and advice
8. To ensure that all members of our team have the correct skills and training to carry out their duties of service competently and with confidence
